

An open comment to US Feminazis -

This Jewish girl was just raped in a war-zone by Nazi occupation forces arrogant enough to photograph it for posterity. This is the true face of rape not the attention seeking slut-bitch-shit you peddle for power and attention. You defile all those who have undergone such dehumanization in the worst possible way.

The name Feminazis fits you all too well in your self hatred and contempt for all women and men. That old woman gives the girl true help; not self-pandering lip service she would have gotten in that country if you would have been there instead...

Oscar Schindler rose to the highest level of humanity and gave his Jews a second chance at life. He earned the everlasting gratitude of his Schindler Jews.

A single strong man of true strength and courage condemned by Feminazis moved mountains while political climbing noisy American Feminists do...what ?
